## First meeting of the 'Nights with a documentary' project behind us!

posted on may 29, 2015

On 28 May this year, in The House of Polish Culture (DKP), the first screening as part of the European Foundation of Human Rights (EFHR) run project 'Nights with a documentary' took place. We wrote about the goals of the project [here](#).

We started the series of nights with the documentary with the public service ad '**Experiment Translation**', created for the [Lithuanian Centre for Human Rights](#). The argument for

choosing this video was the fact that the title social experiment was conducted in Lithuania, that is the environment closest to us. Thanks to that, we have the opportunity to see how the members of the Lithuanian society react to the message filled with hatred, received by a young Afro-American living in Lithuania.

EFHR would like to sincerely thank the Centre Director **Birutė Sabatauskaitė**, special guest of the discussion, who talked about how the initiative came to life, what were the expectations of the creators and how the process of filming went. The centre's representative also shared the information about how the experiment was received by its participants, as well as in the country and abroad. It is worth mentioning that 'Experiment Translation' in cyberspace was already viewed by over 10 million people. It was also broadcasted, among others, on German and Brazilian television.

The film was created by the [Association for Culture Research and Documentation 'A Posteriori'](#). It is an educational documentary, showing history and modern times of Gypsies of the Bergitka Roma group, living in Sądecczyzna, Podhale and Stará Ľubovňa area in Slovakia. The special guest of the meeting will be **Božena Karvielienė**, with whom we will discuss the situation of the Roma community in Lithuania.

- o **11 June**, 5 p.m. – 7:30 p.m. (room 005) – we invite you to the film '**Ethnic Kitchen**'.

The film '**Ethnic Kitchen**' is the [project](#) of the director **Aistė Ptakauskaitė**, who together with the film's protagonists (for instance, **Božena Karvielienė**) will be the special guest of the meeting. Film depicts the story of four women of non-Lithuanian origin, who have lived in Lithuania for many years. It is an answer to the question 'Can Lithuania be your promised land?'.
